

# NO TOUCH TELEMATICS

FIRST FULLY MANAGED  
OFFERING IN THE  
TELEMATICS SPACE.

The NEW WAVE of technology delivery – Foresight Intelligence® has raised the bar for not only telematics, but software services.

- NO customer management required – the *new wave* of fully handled results.
- This is the quickest way to alleviate all the stress.
- We are notified with you, AS you. We are your team (*The external-internal team*)
  - Requires nothing extra – no internal team investment, no manpower, no additional management costs.
- TURN-KEY ready!

On average, only about 10-25% of telematics platform capabilities are being utilized. Let us manage it so you get
