

INSPECT 2.0

- Fleet Intelligence™ offers a mobile inspection app that is built to each customer's unique needs.
- The simple and easy to use app is offered as a stand-alone product or fully integrated into the FI™ platform including the maintenance and work order module.
- FI Inspect 2.0™ features enhanced self-service, allowing you to build and modify your own templates.
- The app includes a dashboard where inspection alerts are updated in real time.
- Fully optimized to meet OSHA and MSHA compliance standards.
- Multiple languages: English, Spanish, and French
- Photo and video cloud-based storage.
- Easily export inspection reports to Excel, CVS, or PDF files
